Points of note: The current release of "UP & AWAY" represents the band's vision to provide new songs for original fans of 80's rock, as well as new fans who are hungry for a fresh sound with a familiar feel.

All members of the group are professional musicians with years of experience performing, writing, and recording in the rock arena. The band misses the days since 80's rock was in the mainstream and feels segregated from the "bottom line" musical diet offered as the replacement. KID BLUDO responds with their latest effort, coining it the "Rock for the Rest of Us" movement.
